

A simple guide to RSN online spreadsheets – An analysis of average earnings

As part of the Rural Service Network’s series of neighbourhood planning evidential spreadsheets, we have created an analysis of average earnings. The analysis uses four drop down lists to select either the mean or median average, the authority for which data is required, the population group for which data is provided, and the option to select between the hourly, monthly or yearly gross pay.

This brief guide is designed to aid you in navigating to the information required in creating your own neighbourhood plan.

An analysis of average earnings

Median Hourly pay – gross

Allerdale

Predominantly Rural Resident Based Earnings

£12.9 ranked at 59 out of 109 Predominantly Rural authorities for which data was available

Predominantly Urban Average: £14
Significant Rural Average: £14
Predominantly Rural Average: £14

Workplace Based Earnings

£10 ranked at 97 out of 109 Rural authorities for which data was available

Predominantly Urban Average: £14
Significant Rural Average: £13
Predominantly Rural Average: £12

Nearest Ranking Authorities

Isle of Wight	57
North Warwickshire	58
Allerdale	59
Malvern Hills	60
Northumberland	61

Nearest Ranking Authorities

South Lakeland	95
Tendring	96
Allerdale	97
Fenland	98
Cornwall	99

Predominantly Urban Top Five

Kenilston and Chobson	1
Warrminster	2
Richmond upon Thames	3

Clicking on this grey square will then provide the full list of options for you to select from.

The spreadsheet provides both the resident and workplace based earnings for the local authority you have selected.

It also provides comparative information in the form of the Predominantly Rural, Significant Rural, Predominantly Urban averages, the ranking in terms of similarly classed authorities, its nearest ranking neighbours, as well as the top fives for each rural/urban classification.

I hope this guide has been useful, and that the data provided from our evidence bank has aided the creation of your own neighbourhood plan. If you have any questions or suggestions, please email dan.worth@sparse.gov.uk
